Please note that Kwik Cash overdraft lines of credit are subject to credit approval.

Overdraft Privilege Program (ODP) allows you to overdraw your account up to the disclosed limit for a fee in order to pay a transaction. Even if you have overdraft protection, Overdraft Privilege Program (ODP) is still available as secondary coverage if the other protection source is exhausted.

What Else You Should Know

- A link to another account or a line of credit may be a less expensive option than an overdraft. A single larger overdraft will result in just one fee, as opposed to multiple smaller overdrafts. Good account management is the best way to avoid overdrafts. Use our mobile banking, Internet banking, and telephone banking services to keep track of your balance. For additional financial education resources, please visit www.mymoney.gov.

- The \$32.00 Paid NSF Fee is the same fee amount that is charged if a check is returned as unpaid. If multiple items overdraw your account on the same day, each item will be assessed an appropriate Paid NSF Fee or a NSF Fee of \$32.00. All fees and charges will be included as part of the Overdraft Privilege Program (ODP) limit amount. Your account may become overdrawn more than the Overdraft Privilege Program (ODP) limit amount because of a fee.
- For consumer accounts, there is no limit on the total Paid NSF Fees per day we will charge. These exceptions do not apply to business accounts.
- This describes the posting order for purposes of determining overdrafts. 1) credits (in the order received), 2) ATM and debit card transactions (in the order received), 3) ACH debits (in the order received), 4) checks (low to high by dollar amount). However, because of the many ways we allow you to access your account, the posting order of individual items may differ from these general policies. Holds on funds (described below) and the order in which transactions are posted may impact the total amount of Paid NSF Fees or NSF Fees assessed.
- Although under payment system rules, First Community Credit Union may be obligated to pay some unauthorized debit card transactions, First Community Credit Union will not authorize debit card or ATM transactions unless there are available funds (including Overdraft Coverage Options) to cover the transactions and any fee(s).
- Giving us your consent to pay every day debit card and ATM overdrafts on your consumer account may result in you incurring Paid NSF Fees for transactions that we would otherwise be required to pay without assessing a Paid NSF Fee. However, this would allow us to authorize transactions up to the amount of your Overdraft Privilege Program (ODP) limit and may also help you avoid overdrafts in excess of your available balance that could result in suspension of your debit card.
- First Community Credit Union authorizes and pays transactions using the available balance in your account. First Community Credit Union may place a hold on deposited funds in accordance with our Deposit Account Agreement and Disclosure, which will reduce the amount in your available balance. The available balance for checks, ACH items, and recurring debit card transactions is comprised of the ledger balance, less any holds on deposited funds and any debit card holds, plus the amount of the Overdraft Privilege Program (ODP) limit and any available overdraft protection. The available balance for ATM and everyday debit card transactions on accounts with Standard Coverage is the ledger balance, less any holds on deposited funds and any debit card holds, plus any available overdraft protection, but does NOT include the Overdraft Privilege Program (ODP) Limit. For accounts with Extended Coverage, the Overdraft Privilege Program (ODP) Limit is included in the available balance for authorizing ATM and everyday debit card transactions.
- Please be aware that the Overdraft Privilege Program (ODP) amount is not included in your available balance provided through online banking, mobile banking or First Community Credit Union's ATMs.
- First Community Credit Union will place a hold on your account for any authorized debit card transaction until the transaction settles (usually within two business days) or as permitted by payment system rules. In some cases, the hold may exceed the amount of the transaction. When the hold ends, the funds will be added to the available balance in your account. If your account is overdrawn after the held funds are added to the available balance and the transaction is posted to the available balance, a Paid NSF Fee may be assessed.
- Except as described in this letter, First Community Credit Union will not pay items if your account does not contain available funds (including the Overdraft Privilege Program (ODP) limit) to cover the item(s) and the amount of any fee(s).
- First Community Credit Union may suspend your debit card if you incur overdrafts in excess of the available balance in your account, including any Overdraft Privilege Program (ODP) limit (as described in this letter). Debit cards on your account will remain suspended until you make sufficient deposits so that your available balance, taking into account any Overdraft Privilege Program (ODP) limit, is positive and then you contact us.
- First Community Credit Union may also suspend your debit card if your account is overdrawn more than thirty-two (32) consecutive calendar days. Debit cards on your account will remain suspended until you make sufficient deposits so that your account balance is positive.
- First Community Credit Union may also suspend your debit card if we are unable to contact you due to an incorrect mailing address or phone number(s). You must contact us with your correct mailing address and/or phone number(s) to have your debit card reinstated.
- If your debit card is suspended, you will be unable to use your debit card for purchases or to access your account at the ATM, and if you use your debit card for recurring payments, e.g., utilities, you are responsible to make other arrangements for your recurring debit payment(s).
- Overdraft Privilege Program (ODP) is not a line of credit; it is a discretionary overdraft service that can be withdrawn at any time without prior notice.

- Overdraft Privilege Program (ODP) may be discontinued if you default on any loan or other obligation to us, your account becomes subject to any legal or administrative order or levy, or if you fail to maintain your account in good standing by not bringing your account to a positive balance within thirty-two (32) days for a minimum of one business day. You must bring your account balance positive for at least one business day to have Overdraft Privilege Program (ODP) reinstated.
- Depositor and each Authorized Signatory will continue to be liable, jointly and severally, for all overdraft and fee amounts, as described in the Deposit Account Agreement and Disclosure. The total (negative) balance, including all fees and charges, is due and payable upon demand.
- Overdraft Privilege Program (ODP) limit of \$250 is available for eligible Personal Checking accounts within approximately one month after account opening. A \$500 or \$750 Overdraft Privilege Program (ODP) limit is available on Personal Checking accounts that have setup direct deposits within approximately one month after account opening. Overdraft Privilege Program (ODP) limit of \$1,000 is available for eligible Business Checking accounts within approximately one month after account opening.
