MEET YOUR NEIGHBOR, BARRY!

- A local man with ALS who creates understanding
- The daily challenges of living with ALS are real
- Community compassion makes a meaningful difference

ALS impacts everyday life in ways many people never see. Simple tasks can become overwhelming, energy can disappear quickly, and recovery is not always possible. Raising awareness helps create understanding, compassion, and stronger support for individuals and families affected by ALS. Together, our community can make a meaningful difference through awareness, encouragement, and support.

New Sky Carp Debit Card must be opened during the month of July 2026. FirstCCU will donate \$25 for each new Sky Carp Debit Card issued. Donations will be made to the Sky Carp ALS Awareness Campaign or another fundraiser supported by the Sky Carp. Federally Insured By NCUA.
